

WellBeing Provides Safe and Healthy Office Buildings for Employees

WellBeing's Automated Hygiene Technologies and Services Include:

- Touch-Free Feminine Hygiene Units
- Anti-Bacterial Soap Dispensers
- Touch Free Hand Sanitizer Stations
- Air Fresheners & Sanitizers
- Automatic Flush Units & Toilet Cleaners
- Touch Free, Automatic Faucets
- MisMats for Toilets and Urinals

Office Buildings Prefer WellBeing's Services To:

- o Prevent "Sick Building Syndrome"
- o Hygienic, clean image
- o Powerful protection against E-Coli, H1N1, HIV, Influenza, MRSA, and VRE
- o Decreased risk of cross-infection
- o Encouragement of hand washing and sanitizing in a touch-free facility
- o Complement wellness and green initiatives
- o Recruitment and retention of employees
- o Decrease employee sickness and downtime
- o Reduce cost per hand wash and water consumption
- o Tenant Retention

"I think I could probably get rid of coffee before I could get rid of WellBeing's services. The quality of our restrooms for our customers, visitors, and employees has not been a problem since we implemented WellBeing."

Bill Simmons
